

Spring-2021

Daylily Society of Minnesota

Presidents Greetings

By Dory Lidinsky

There is a decorative saying on my wall that I glance at frequently throughout the day.

It goes as follows: “because when you STOP and look around... this LIFE is pretty amazing!”

As I watch the rapid growth of our daylilies, I know that LIFE continues to give us meaning, beauty, and hope. This spring is bringing us the usual rewards of surviving through another winter but also a much stronger sense of recovery of LIFE as we know it from the recent pandemic. To nurture this recovery, the Daylily Society of Minnesota is cautiously planning to bring back most of our summer activities. To avoid the close quarters of a tour bus and dining areas, we are sponsoring an open garden format instead. It will be a good opportunity to visit some gardens on your own at your own pace. Our Off-Scape Show and Annual Banquet/Auction will follow the usual format. (See more detailed info in this newsletter)

I continue to be thankful for the comradeship, learning opportunities, and volunteer experiences offered by the DSM and I invite you, your friends, and family to join us this summer to enjoy and celebrate all things daylily and this AMAZING LIFE we share.

Island beds and walking paths pack a diverse selection of flowering trees, shrubs, and low-maintenance perennials. The shrubs peak in color and texture in May and June. A progression of color and interest is provided throughout the growing season with collections of daffodils in the spring to waken the senses, peonies in early summer for their intoxicating fragrance, colorful daylilies which peak in July and August, and ornamental grasses which provide interest into late fall. Companion plants are tastefully sprinkled throughout. Numerous seating areas, water features, and stone bird baths provide the visitor with respite to enjoy the garden and appreciate the beauty. **Come enjoy on Saturday, July 24, 9am-3pm.**

2021 DSM Plant Adoption Program

Due to the fact that our 2021 Dig & Sale has been cancelled, our 2021 plant distribution will be held at the Banquet & Auction in August (assuming that we will still be able to hold it). Our plants this year will be purchased from Nan Ripley in Iowa. Before the distribution, I will be emailing all applicants a list of the plants available so they can look them up and decide the order of their choices.

Also this year, the plants coming back to the auction will be two years' worth of adoptions, so I will be contacting all adoptees several weeks beforehand for the status of their plants. I am hoping that we will have a big showing of plants for the auction, so be sure to fertilize and water well for the best results!

Thanks to all adoptees for participating in this worthwhile program both for yourselves and for the club! As always, if you have any questions, do not hesitate to contact either myself or Karol Emmerich. Kris Henning, Plant Adoption Director

The Daylily Society of Minnesota (DSM) promotes the development and enjoyment of the daylily—Hemerocallis—with an emphasis on culture in northern climates.

The Daylily Society of Minnesota was founded in 1980 as a 501(3) organization under the name “Hemerocallis Society of Minnesota”. The Board of Directors has added and now uses the additional name, “Daylily Society of Minnesota.” The organization retains use of its original name as its legal name.
